Re: Block 18 Surcharge Project Update

Dear Parents,

We would like to make you aware of a change in scheduling for the final off-haul of soils planned for the Block 18 Surcharge Project. On Saturdays, when the center is closed, unneeded soils will be hauled off campus to prepare the parcels for future development. As we previously shared, three additional Saturdays of work are estimated to be required to complete the work that began during the annual facility closure. Work originally scheduled for September 6 was postponed due to the UCSF Medical Center Kick-Off Celebration. UCSF Capital Programs is currently working to reestablish the timeline to complete the project. We will share the schedule with you, including planned cleaning mitigations, as soon as it is available.

Should you have questions about Block 18 Surcharge Project activity information is available from the following sources:
