

Commuter Benefits Overview

Commuting to work each day can be expensive. Edenred Commuter Benefit Solutions (also known as Commuter Check Direct) saves you money on your commuting costs.

Why Should I Enroll?

Edenred Commuter Benefit Solutions (ECBS) can help reduce your commuting expenses by up to 40%! You decide how much money you want deducted from your paycheck each month (up to \$270, subject to monthly limits determined by the IRS) to pay for your qualified commuting expenses. Your funds will be available to pay for a wide array of transit and/or parking expenses using a prepaid Mastercard that will arrive in the mail from ECBS shortly after you enroll. The best part is our commuter benefit deductions are taken pre-tax which saves you money!

****Please note that you do NOT need to enroll in this program if you currently have UCSF permit parking or vanpool expenses that are paid through UCSF payroll deductions on a pre-tax basis.**

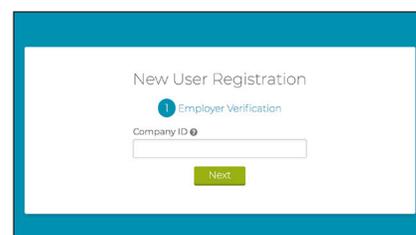

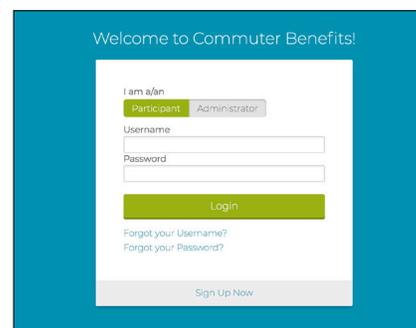

How Does the Program Work?

Using the ECBS website (see Registration Instructions below), you need to create an account and "place an order" (that is, select your monthly pre-tax payroll deductions) for your method(s) of commuting – transit and/or parking. The dollar amounts you select will be deducted from your paycheck beginning after the next cut-off date (always the 1st of the month).
